

CCAC Entrance Exam Prep Course:

Duquesne Light has partnered with the Community College of Allegheny County (CCAC) to offer a prep course for EDT applicants. This course is strongly recommended to program applicants.

Specifically, the course will prepare applicants to take the Construction and Skilled Trades (CAST) test, an industry standardized test developed by the Edison Electric Institute to assess abilities in Graphical Arithmetic, Mechanical Concepts, Reading for Comprehension, and Mathematical Usage. The test will also review basic problem solving techniques and skills for test taking.

The 16-hour prep course will be held at the CCAC Allegheny Campus near the north shore of Pittsburgh. To register please call: 412-788-7537 or online: https://shopcommunityed.ccac.edu/Courses/Technical_Skills_Training/CAST_Test_Prep.aspx

Three sessions will be offered. The course numbers for each set of dates are:

XAG 058 4001	January 5, 12, 19, 26
XAG 058 4002	February 5, 7, 12, 14
XAG 058 4003	March 2, 9, 23, 30

The price for the 16 hour course will be: \$150. All registrants will receive a confirmation letter including a parking pass, class location and room number.

Interested applicants can also take a practice CAST test at <https://secure.eei.org/eeitests/onlineproducts/>
